The story: Screenwriter Akshat Verma presents his audience with a black comedy full of crazy mix-ups, odd humor and - of course - love. It's the story of three roommates who manage to attract the wrath of a high-profile criminal element when they accidentally deliver a stool sample instead of the expected package of valuable content to him...

More about the story: It's the chaotic life of three chronically broke roommates Aamir Khan presents the audience with in his black comedy DELHI BELLY. Tashi, Nitin and Arup's lives get messed up completely when Tashi's fiancée Sonia has them deliver a package to crime boss Somayajulu – and they accidentally exchange the package with another one containing Nitin's stool sample for a doctor.

While the roommates try to get back the right package, Somayajulu, furious about the alleged fraud, starts an investigation of his own, and soon becomes a serious threat to the three men's lives...
