The story: The thrilling political film based on the novel "Z" ties up four individuals into a gruesome game of crime and politics. When a road accident kills a political activist, his adherent Shalini believes it to be murder. She receives support by a pornographer who claims to have proof of it.

More about the story: A megacity like Shanghai the small Indian town Bharat Nagar is supposed to become; a grand infrastructural project will assure that. But politicians' power interests almost always include corruption and crime; to protect the project all means are willingly used - even if it causes severe injuries and a coma for political activist Dr. Ahmedi.

Now his adherent Shalini, convinced what looked like an accident was actually attempted murder. She gets help from dubious photographer Joginder, who claims to have prove against the government. But the powerful and mighty of the country are not easily fought. High-ranking bureaucrat Krishan is called in to investigate the accident - and for damage control.
